Amoebic pericardial effusion, 339
Angina, micturition: case report, 510
Angiography, fluorescein, acute myocardial infarction following, 505
Antihypertensive drugs, newer, 679
Arrhythmias, acute, beta blockers in treatment of, 62
  use of pacemaking for treatment of, 249
  chronic ventricular, treatment of, 68
  introduction to symposium on, 60
  supraventricular, prevention and treatment of, 79
Arterial embolism, traumatic, producing arteriovenous fistula, 1023
Arteriovenous fistula, traumatic arterial embolism producing, 1023
Aspiration pneumonia, review of current concepts in, 321
Asynergy, ventricular, 817
Atrioventricular block: incidence in acute myocardial infarction and determinants of its "degrees," 327
Axis deviation, rate-dependent left-, masking of exercise-induced ST-segment depression by, 1031

B

Balloon counterpulsation, intra-aortic, in cardiogenic shock, 93
Beta blockers in treatment of acute arrhythmias, 62
Bigeminal rhythms, differential diagnosis of, 994
Bleeding esophageal and gastric varices and portal hypertension: surgical approach to treatment, 791
Block, atrioventricular: incidence in acute myocardial infarction and determinants of its "degrees," 327
  "complete" left bundle branch, prognosis and rate dependency of, coexisting with acute transmural inferior wall myocardial infarction, 981
Blockers, beta, in treatment of acute arrhythmias, 62
Blood gases, arterial, in coronary care unit. Part I, 526; Part II, 697; Part III, 881; Part IV, 1071
  effect of different endotracheal suction procedures on, in controlled experimental model, 808
Body image, role of, in patient compliance and education, 143
Bronchitis, chronic, and cor pulmonale, management of patients with, 104
Bundle branch block, "complete" left, prognosis and rate dependency of, coexisting with acute transmural inferior wall myocardial infarction, 981
Bypass surgery, coronary artery, postoperative management and complications of, 477

C

Cardiac alternation: review with case presentations, 1009
  dysrhythmias, secondary, 308
  pacemaker, permanent, living with, 273
  and respiratory monitoring of acute stroke patients, 469
  surgery, thoughts and feelings of patients in waiting period prior to: descriptive study, 280
Cardiogenic shock, intra-aortic balloon counterpulsation in, 93
Cardiopulmonary resuscitation, flail chest as complication of, 1020
Change, "postextrasystolic," 343
Characteristics of postoperative patient-education programs for open-heart surgery patients in United States, 137
Chest, flail, as complication of cardiopulmonary resuscitation, 1020
  pain or pulmonary edema, diagnostic attributes of echocardiography in patient with, 660

Curse, Ondine's, 1057

D

Defibrillation, comparison of paddle electrode pastes used for, 847
Defibrillator electrodes, disposable, 127
Depression, exercise-induced ST-segment, masking of, by rate-dependent left-axis deviation, 1031
Deviation, rate-dependent left-axis, masking of exercise-induced ST-segment depression by, 1031
Diagnosis and clinical manifestations of pulmonary fibrosis, 434
differential, of bigeminal rhythms, 994
medical, ultrasound in. Part II. Neurologic and abdominal applications, 829
Diagnostic attributes of echocardiography in patient with chest pain or pulmonary edema, 660
Digitalis effect, electrocardiographic study of, 1064
toxicity and treatment with phenytoin: neurologic mechanism of action, 1035
Disease, autoimmune collagen vascular (A-CVD), lung in, 653
chronic lung, disturbances of rhythm in, 256
coronary heart, role of physical exercise in prevention and treatment of, 288
interstitial pulmonary, introduction to, 431
Disorders involving interstitium of lung, radiologic approach to, 635
Drugs, newer antihypertensive, 679
Dysrhythmias, secondary cardiac, 308

E

Ear oximeter, new, clinical evaluation of, 121
Echocardiography, diagnostic attributes of, in patient with chest pain or pulmonary edema, 660
Edema, interstitial pulmonary, 617
pulmonary, or chest pain, diagnostic attributes of echocardiography in patient with, 660
Editor, new Nurse, of HEART & LUNG, 59
Education and compliance, patient, role of body image in, 143
programs, postoperative patient-, characteristics of, for open-heart surgery patients in United States, 137
Effusion, amoebic pericardial, 339
Electrocardiographic study of digitalis effect, 1064
myocardial infarction, 874
Electrode(s), disposable defibrillator, 127
pastes, paddle, used for defibrillation, comparison of, 847
Embolism, traumatic arterial, producing arteriovenous fistula, 1023
Emphysema, mediastinal, in mountain climbers: report of two cases and review, 799
Endotracheal intubation by rescue squad personnel, 851
suction procedures, different, effect of, on arterial blood gases in controlled experimental model, 808
Erratum, 980
Esophageal and gastric varices, bleeding, and portal hypertension: surgical approach to treatment, 791
Exercise-induced ST-segment depression, masking of, by rate-dependent left-axis deviation, 1031
physical, role of, in prevention and treatment of coronary heart disease, 288
Extrasystolic rhythm, study in, 153

F

Feelings and thoughts of patients in waiting period prior to cardiac surgery: descriptive study, 280
Fibrosis, pulmonary, clinical manifestations and diagnosis of, 434
Fistula, arteriovenous, traumatic arterial embolism producing, 1023
Flail chest as complication of cardiopulmonary resuscitation, 1020
